PROCEDURES FOR THE NONPUBLIC AGING SCHOOLS PROGRAM (FISCAL YEAR 2015)

1. Introduction/Overview

The Maryland General Assembly is providing \$3.5 million in fiscal 2015 (July 1, 2014 – June 30, 2015) in grants for renovations and improvements to existing nonpublic school buildings.

Funds will be distributed to nonpublic schools eligible for the purchase of textbooks or computer hardware and software for loan to students (the textbook loan program) in fiscal 2015 for expenditures eligible under the fiscal 2015 Public School Construction Program (PSCP) Aging Schools Program.

Payment for work completed under this program will be through reimbursement to the grant recipient. No matching grant is required, but the nonpublic school shall be responsible for all project costs exceeding the amount of the grant.

New in FY15: Preliminary grant approvals will be announced in the fall 2014. Final grant approvals will be determined only after schools qualify for the fiscal 2015 textbook loan program, anticipated January 31, 2015.

New in FY15: Individual grant allocations will be based on the number of schools meeting certain criteria. Preliminary allocations will be established after all applications have been received and reviewed. If more eligible schools apply and qualify for grants than the total authorization, MSDE shall prorate the grants. Final allocations will be established only after schools qualify for the fiscal 2015 textbook loan program, anticipated January 31, 2015.

New in FY15: Grant recipients will have until June 30, 2016 to contract for approved project work.

2. Eligible Schools
